What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. COLORED A. & M. COLLEGE.

The Summer School Begins Next Wednesday.

The third session of the summer school for colored teachers will begin next Wednesday the 19th inst. at the A. & M. College.

The outlook for a large attendance and helpful work on the part of the faculty during this session is very bright.

Besides the regular daily work in the class rooms by the instructors, lectures and addresses will be delivered from time to time by prominent educators of both races, namely: Dr. McIver, Dr. Goler, State Superintendent Mebane, Dr. Chavis, and others who have been invited and consented to be present.

Inasmuch as the new school law empowers the county board of education to establish institutes for both races, the board when in session last week took steps requiring the colored teachers of Guilford county to attend this summer school at least one week, as it will take the place of the institute.

No teacher who desires to improve and make himself more efficient and useful in the school room can afford to be indifferent to the superior advantages offered for equipment in this normal.

CAL ED TO HIS REWARD.

Rev. L J. Holden Passes Away in Snow Hill.

Messrs. T. A. and W. S. Lyon yesterday received a telegram bearing the the sad intelligence of the death of their uncle, Rev. L. J. Holden, which occurred Saturday morning at his home in Snow Hill.

This news will cause a pain, not only to his relatives but to his many friends and admirers in this city and throughout the state. Mr. Holden was one of the most able, forcible and fearless preachers in the North Carolina Methodist conference and during his pastorial career had served a number of charges in the eastern and central parts of the state. He was about 55 years old and leaves a large family.

Mr. Holden's health had been gradually failing for several months. Some time ago he gave up his work and spent several weeks at Panacea Springs, without improvement. Upon his return home there was a change for the worse and Saturday morning the able preacher went to his reward. He had finished a good fight.

Miss Florence Roberts Dead.

Miss Florence M. Roberts, daughter of Mr. and Mrs. W. M. Roberts, died about the noon hour today at the home of her parents on South Elm street. She had been sick for about three weeks with typhoid fever, but until a few days ago her condition was not considered serious. Miss Roberts was 29 years old and was a most estimable young lady. Funeral arrangements have not yet been made. The Telegram extends sympathy to the bereaved family.

Many Thanks.

We desire to express our very great thanks to Messrs Reece & Elam for kindly tendering us the Record press upon which to print the Telegram Saturday evening. An accident occurred to our press, causing a very late appearance of the Telegram.

Broke Jail.

Bob Gibson and Fate Jackson, both colored, broke from Forsyth county jail last night and made their escape The delivery was made by prizing a plank from the cell floor. Deputy Sheriff White, of Winston, was here today in search of the fugitives.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU
HIGH POINT, N. C., July 17.

One of our gallant beaux who lives just outside the incorporate limits while nearing home Saturday night was frightened by the firing of a pistol and he immediately turned his face towards town, breaking the mile record made by the pedestrian. He stayed all night with "Uncle Nick" at the Jarrell.

Misses Jessie and Nellie Lee, the pretty little daughters of Alexander Lee, manager Fair View Lodge, were city guests yesterday.

Work on the High Point Table Company's factory is being pushed rapidly and it will not be long until can be heard the blast of another whistle and the hum of more machinery.

While strolling along the streets yesterday too full of happiness (corn liquor) to speak, especially to walk any ways straight, a white man was assisted to the station house by our accommodating police and given a cell to rest his shaky legs.

Misses Emma Prevo and Lovy Goly and Messrs, Joseph Gilns and Walter Leonard, of Worthville, visited the family of H. A. Moffitt, yesterday.

If you want to see a beautiful assortment of pictures in pretty frames, go to J. W. Sechrest's gallery on East Washington street.

Clyde Curlee, billing at freight depot in Winston, spent Sunday at his home here and returned to his post of duty this morning.

Miss Dollie Ritz, a winsome young lady of Concord, has been visiting Miss Grace Farabee, has returned home.

Rev. F. H. Wood, presiding elder of the Greensboro district, preached at the M. E. Church last night.

A warrant was sworn out yesterday morning by a young man of this city against another of mature age for larceny It seems that they, with others, started out Saturday night for a good time and after going the rounds went to a room in one of the boarding houses here where they spent the night. The next morning eight dollars or more was missed by the above young man who, as stated, swore out a warrant and the trial took place Sunday morning. The man charged with the theft was bound over to court after which he "turned the tables" (as far as his evidence went) on the crowd, saying that they were all engaged in a game of cards that night and that he won the money the young man accused him of taking. Another warrant was issued immediately and the parties engaged in the game were bound over to court. It looks like a case of "wish I hadn't talked."

MEANS MUCH TO THE NEGRO.

Colored Ministers of the City Will Vote for the Bond Issue.

Editor Telegram:

We, the members of the Ministerial Union assembled, beg to say that while we do not concur in all that has been said through your columns as to the position of the negro in this question of bonds, yet we feel that for the good of the citizens of Greensboro, of whom we are a part, we ought to do our best to secure the bonds.

We believe the bond issue means much for the negro laborer just now, and we feel confident that it means more to the people of the Gate City in the future. We believe that while all parts of the city may not share equally the benefits to be had, yet our interests are common, and what helps the city will help us. We are impressed that the tendency of the city government is to deal equitably with the citizens.

Rivalry Most Bitter.

Two colored boys had an altercation near the Greensboro Sash & Blind Company's factory Friday night. The two sports had, it seems, been paying attention to the same dusky damsel and a strong sense of rivalry had arisen. When the time came for a settlement one of them forcibly applied a scantling to the cranium of his rival and the latter remained in a state of unconsciousness for half an hour or more and when he regained his senses his opponent had fled.

Children For Pied Piper.

The rehearsals of Pied Piper go bravely on. The next full one will be at 8:30 tomorrow at the Academy of Music.

In addition to the caste and chorus of adults, a large chorus of children is required. These will be secured this week and will rehearse for the first time on Wednesday morning at 9 o'clock.

A committee of young ladies from the Pied Piper Company have in charge the collection of the children.

LET US BE BUSY.

But Not So Busy That We Can't Attend to Our Streets.

To The Editor:—It always seems strange that it is necessary to continuously beg, persuade—yes, drive people to do things, especially when the very act means betterment of conditions in every respect.

Now, for instance, we wanted electric cars. Nothing stamps the prosperity of a town to a greater degree, or gives it such an air of city progressiveness, as does an electric line of railway. Not for the appearance, however, were the cars needed. Men and women alive to their own interest, as well as to those of Greensboro, require them. This age is a fast one—American people are a peculiarly energetic and nervous race. We live fast and die fast. There is no time to lose. Conditions are different from those of our forefathers. Conveniences we must have to be up-to-date, and to counterbalance business cares and worries brought on principally by excessive competition. To live intelligently is a fine art. The brain, always on the alert, requires rest and peace in conjunction with physical comfort, whenever and wherever it can be found.

Next our streets—those streets of last winter! The scenes witnessed by hundreds of our citizens go to prove there is at times less of humanity in man than in beast. Those poor horses, especially on Walker Avenue—the avenue (?) leading to the Normal and Industrial College—the pride of our state, and justly so! Our hearts beat with pity, but nothing could be done. No, not then. We are again reminded of the man whose roof leaked. It didn't bother him—it wasn't raining, and during the shower, of course, he couldn't repair it, or something to that effect. The present is our time. Winter follows glorious summer "as the night the day." When the representatives of the northern press deemed Greensboro sufficiently interesting to give us a call last winter, their pent up mirth upon driving down a certain avenue, (and there are others) must have found relief some days afterwards when the editor of the Telegram observed that they found us such a busy, thriving people, we didn't have time to attend to our streets.

Notwithstanding all that is lacking, there is confidence in home enterprises—confidence which controls the actions of strangers seeking homes or investments in our midst. The secret of success is to grasp opportunities when they come. The very fact we are not satisfied with present conditions indicates nothing more or less than a feverish spirit of activity on the part of our citizens and a determination to have what should be ours. Obstacles and difficulties make cities as well as men.

The bond issue is now before us. The votes on Tuesday settle the matter. This means, they say, "better streets, better lights, more water, cheaper water, cheaper insurance, better protection from fire, better sewerage and more of it, a creditable market house." Then, where is the man, black or white, who would fail to vote, when that vote means so much for the future of both himself and Greensboro?

Reform means reform all around for progressive citizens. Give us pure water, perfect sewerage, conscientious plumbers, ice facilities, rapid transit, and so on to the end. Life, then, is worth the living.

For many reasons a great majority of people rent houses, and upon this class certain inconveniences fall heavily. There were 500 houses built in Greensboro last year. How many of these were built with an eye to comfort, and how many simply for the big per cent. house rent pays? My sympathies go out for a man who from circumstances does not own a home, and to the housekeper without city water, sewerage and bath.

There is many a laboring man and woman who could enjoy the luxurious privilege of a well equipped bath at moderate cost, if only proper requirements be made at the starting point. Many a tired mother, with a house full of children, feel that her work has been cut down one half by the aid of modern conveniences. Life is too short, and while it lasts, there should be comforts in exchange for our hard-earned money.

Help the "Hookies."

The Hook & Ladder Company will give a lawn party next Thursday night to raise funds to defray the company's expenses during the tournament. This company formerly gave lawn parties annually, but for the past three years the custom has been abandoned. The place for the festivities this year has not been definitely decided upon, but will be announced in due time. Do your part to make the undertaking a success.

A large part of the $300,000 in bonds for public improvements in Greensboro would be spent for labor. Would this benefit Greensboro?

BUTLER, OF SOUTH CAROLINA

Placed In a False Position—General Walker's Health Improved.

Other Notes Of Interest.

Special to The Telegram.

Washington, July 17—Ex-Senator Butler, of South Carolina, it is said by his friends, has been placed in a somewhat false position. For some time certain Washington reports have been sent out which allege that the senator is opposed to Col. Bryan, and has predicted his defeat if nominated next year. The ex-senator, as is well-known, is not an original silver man, but is, and always has been, inclined towards the single standard policy. Notwithstanding his view upon the monetary question, however, he has always voted and supported the democratic ticket, and four years ago he gave his hearty support to Col. Bryan, and to the platform of the democratic party adopted at Chicago, holding that it was the duty of every loyal democrat to support the platform and nominees of the national convention. The senator is yet, it is said, of the same opinion, and although he is opposed to Col. Bryan's renomination, as many loyal democrats from all sections are, he will nevertheless support him if he is the candidate of the party. The general is not inclined to give up a fight before it takes place, and it is therefore not considered likely that he has been correctly reported in the statements which make him appear as predicting the defeat of the nominee of the democratic convention nearly a year in advance of the time of the holding of the national democratic convention.

General Butler is not easy to approach, as is well known to Washington newspaper men who have tried to interview him. He is invariably courteous to newspaper men, but has an instinctive dislike to appearing in the columns of daily newspapers, and therefore it is more to be doubted if the statements recently attributed to him are correctly indicative of his present views on national topics.

General Walker, ex-congressman from the ninth district of Virginia, was in the city for several days last week for the purpose of trying to get some appointments in the census bureau and in the internal revenue. The ex-representative is looking much better than when in congress during the last session, and is said to be enjoying much better health. He has almost entirely recovered from the wounds inflicted in the affray at Bristol some time ago, and it is reported that he experiences no trouble therefrom. He is in earnest in the matter of his contest against Congressman-Elect Rhea, and says that he expects that the house will award him the seat.

As General Walker is at loggerheads, as reported, with the Virginia republican executive committee, most Virginia people coming to Washington are of the opinion that he will not get the seat. It is unders ood that the case goes to the elections committee No. 3 of the house, of which committee, it is thought likely that a southern member will be appointed chairman. Whether General Walker gets a favorable report from the committee or not will depend largely upon the personnel of the committee.

Director Merriam, of the census bureau, with his family are staying for a few weeks at Atlantic City. The superintendent of the census will remain at the resort for only a few weeks, as his presence will be needed in Washington before long in connection with the appointment of the supervisors, and the arranging for the taking of the census. But very little work will be done this summer, it is said, in connection with the census work, except the work incident to the organization of the bureau.

Rev. J. Ernest Thacker, the well known Presbyterian divine of Alexandria, Virginia, will spend a month or so with his family at Shelby, North Carolina. Mr. Thacker and family are guests of the former's son-in-law, Rev. T. Dixon.

S. C. Pool, a clerk in the treasury department, is visiting in Greensboro, N. C., where he is the guest of his brother, Warren D. Pool. It is said he will remain at Greensboro for some time.

Richard Johnston, the well known commonwealth's attorney for Alexandria county, Virginia, is said to be a very sick man, and his friends are somewhat doubtful of his recovery. He is under treatment at one of the local hospitals.

Caught in Greensboro.

Deputy Sheriff Weatherly this morning arrested Dennis Hughes, of the "cullud persuasion," on a capias from Asheboro. Dennis is charged with larceny in Asheboro and will be taken there tomorrow.

AT WEST MARKET LAST NIGHT.

"An Evening With the Prophet Daniel" By the Epworth League.

The West Market Epworth League, of this city, which we dare dare say is one of the most active to be found anywhere, has inaugurated a new feature of active league work, in order to better help their pastor. The members have begun a series of "Evenings With the Prophets," the first of which was given last evening, the program being a study of the prophet Daniel.

The exercises opened with song, followed by a fervent prayer by the pastor. Interesting papers were read by Mr. Glass, Mr. L. W. Crawford, Jr., Mr. Ed. Porter and Miss Eugenia Rowe. Prof. P. P. Claxton, Mr. C. H. Ireland and Rev. Dr. Rowe made short talks in the interest of the League library, which is intended to benefit every young man or young lady in the city.

An enjoyable feature of the evening was a beautiful vocal quartette by Misses Lola Carraway and Nan Wood, and Messrs. Bradley and Younts.

Distillery Captured.

Deputy Marshal Logan, with Revenue Agent Patterson, made a raid last Friday two miles below Mt. Hope church, in the southeastern part of the county, capturing one still. The distillery was located among thick hedges in an old field and when the property fell into the hands of the officers, the operators were preparing to make a "sweet mash." The operators made their escape. The still was made of wood with sheet iron bottom and has a capacity of about sixty-five gallons.

Subscribers are requested to give central the number instead of the name of the person or firm with whom they wish to speak and thereby avoid any delay.

THE PRESS CONVENTION.

The North Carolina Press Association met in annual convention at Carolina Beach last Wednesday and Thursday. Leaving Greensboro about noon on Tuesday in company with a number of the brethren from this and the western portion of the state we were hurried over the clay hills of Guilford, Randolph and Chatham and through the sandhills of Moore, Harnett, Cumberland, Sampson and other counties in northeastern North Carolina. Through the courtesy of the Southern and the Atlantic Coast Line Railways an extra coach was provided for the editors and their wives and the trip was a most pleasant one. Arriving in Wilmington on time we were soon aboard Capt. Harper's elegant steamer Wilmington, ready for the delightful ride down the river to Carolina Beach, the place chosen for the meeting. Never did a crowd of editors fall into better hands than when they committed themselves to the care of Capt. Harper. His boat is a paragon of beauty, elegance and comfort, and he is as big hearted, good natured and princely a skipper as ever trod a deck. We were landed at the Beach in time for supper.

Col R. A. Jenkins, proprietor of the Oceanic Hotel, did all in his power to entertain and feed the members of the association but the crowd was too large. The hotel accommodations were insufficient, and we were scattered along up and down the beach at cottages. Soon getting over this disappointment, we sailed in to enjoy the outing, for such it was. Col. Jenkins has an efficient corps of white girl attendants in the dining room, and all were waited on with amazing promptness, considering the large crowds.

The association meetings were held in the Sedgely Hall club house and a royal good place it was for them. Facing the Atlantic ocean, with open windows and wide verandas, a stiff seabreeze fanning away mosquitoes and sand flies—it was pleasurable to be there. Older members tell us the association grows in interest from year to year, and the membership steadily increases. This year there was a large number of new members. The business of the association was dispatched without a jar or tilt and President Dowd presided in an easy and graceful manner. His advice was full of good advice and wise suggestions. The chief topics discussed were the formation of a democratic press association, the libel law (which failed to pass the legislature) and the discussion of newspapers and trusts. Time and space forbid a discussion of these matters here. They are all good for future consideration.

Both the Sedgeley Hall and the Hanover Seaside club houses were placed at the disposal of the editors during their stay. These things we appreciate, but we protest against some of the reports that have been written. We would not for a moment wound the feelings of any who tried to add to the pleasure of the editors, but candor and honesty compels us to say that if the german which is reported to have been given in honor of the association was really so intended, then the intentions were defeated. In the first place there were many who did not care for the dance, and in the second, there were there who could not find room to dance if they would, so great was the number of those who do not belong to the association. And just here we wish to say that it is time to put a seal of condemnation on the practice of making such gatherings an excuse for outsiders to enjoy their favorite sport. We believe there is a very small number of editors in this state who care a thrip for dancing; but we give here one reason which we deem sufficient grounds for our protest and we shall stand by it. We have, as members of the association, ministers of the gospel who do not believe in dancing, and while they are innocent, they should be spared the humiliation of having their names published in the proceedings along with gentlemen that "music, dancing and refreshments were the order of the evening." Why not? President Dowd recommended that a democratic press association be formed, and some members were afraid lest zealous in guarding the feelings of the newspaper public members that they oppose even a discussion of the suggestion!

The world at large the world to understand that we want no more ballgowns in honor (?) of the association; and that we will soon cut just those of our brethren who are conscientiously opposed to dancing, of the unpleasant notoriety of being associated with such events? Let those dance who want to dance, but let the business be disconnected from the association.

The next meeting will be held in Hendersonville. Before adjournment, the following officers were elected for the ensuing year:

President—D. J. Whichard, of the Greenville Reflector.

First Vice President—Dr. T. N. Ivey, of the North Carolina Christian Advocate, Raleigh.

Second Vice President—Benjamin Bell, of the Wilmington Messenger.

Third Vice President—H. S. Blair, of the Lenoir Topic.

Secretary and Treasurer—J. B. Sherrill, of the Concord Times.

Historian—W. F. Marshall, of the Gastonia Gazette.

Orator—C. J. Hale, of the Fayetteville Observer.

Poet—J. A. Robinson, of the Durham Sun.

Delegates to the National Convention—H. A. London, of the Pittsboro Record; J. B. Whitaker, Winston Sentinel; R. M. Furman, Raleigh Post; J. B. Sherrill, Concord Times; C. L. Abernethy, Beaufort Herald.

A resolution of thanks was adopted as follows:

"Resolved, That the North Carolina Press Association is keenly appreciative of the many courtesies extended it during this, the twenty-seventh annual meeting, and would especially thank in this meeting the Wilmington Chamber of Commerce and its obliging president, Mr Wm. E. Worth, the Wilmington Merchants' Association and its attentive representative, Mr. P. Heinsberger; Captain J. W. Harper, of the steamer Wilmington; Captain R. A. Jenkins, proprietor of the Oceanic Hotel; the Sedgely Hall and Hanover Seaside Clubs, of Carolina Beach; our brethren of the Wilmington press, both for individual courtesies and excellent reports of our sessions; the Wilmington Street Car Co., the Seacoast Railroad Co., and the several railroad companies of the State.

Who can give a sensible or intelligent reason for opposing the bond issue when it is expressly stated in the law giving us the right to vote for bonds that the rate of taxation cannot be increased? And who knows that the bonds cannot be sold? Offers at a premium have already been made for them. And what public-spirited man will refuse to give the board of aldermen the means and power to do something for the city when by so doing it will not cost the said public spirited citizen a red?

Good Roads Club.

We the undersigned agree to subscribe the amount opposite our names for each mile of road to be macadamized outside of the city limits in the county of Guilford for the first forty miles to be built, to be paid to the county commissioners as the work progresses.

TRINITY COLLEGE NOTES.

A Large Number of Visitors at the Park Recently.

Correspondence Telegram.

There has just been issued by Trinity College a album giving various views of the buildings and sections of the Park.

Rev. Plato Durham is now on through the western part of the state in the interest of the College. He is making himself felt as a hustling and very effective financial agent.

Dr. Basset, who is at the head of the College Library, has received a very large number of books since commencement, and is very enthusiastic over the growth of this department of the College.

Very many changes are being made in the surroundings of Trinity Park High School, and we learn from the authorities of this school that the outlook for next year is beyond their greatest expectation.

Plans have been perfected for remodeling the Cromwell Science Hall. When this work is completed it will be one of the best arranged buildings for science connected with any college in the South.

President Kilgo expects to add several thousand dollars worth of new apparatus to the Scientific Labratories.

A very large number of visitors have been to the Park recently. Many returning from the summer school at Chapel Hill have stopped in Durham to look over Trinity College. These visitors are enthusiastic over what they saw.

The Sunday Schools of Roxboro will picnic in the grove at the Park.

President Kilgo, Prof. Gill and Mr. Newsom attended the funeral services of Mr. Cyrus Stevens at Roxboro. Mr. Stevens was a senior, and his death brought great sorrow to the college community. He was a young man of high ideals, pure thoughts, and upright in all his conduct, and had the esteem of the entire community.

Dr. J. S. Bassett left the Park today for Richmond. From there he will go to Goldsboro to join Mrs. Bassett for a week's stay in that city.

ECZEMA

Itching, Burning Skin, Scales, Sores, Pimples, Red and Raw Skin, and Eruptions that Burn and Itch.

Caused by Bad Condition of the Blood. Cured by Botanic Blood Balm (B.B.B.).

Sample Bottle sent Free.

If you have tried doctors, salves, washes, external and internal remedies, and still have Eczema, Tetter, Scald Head, Salt Rheum, then B.B.B. will cure you by literally driving the bad poisoned blood out of the body, boges, and entire system, and this is the only perfect cure. Other remedies fail to cure because they fail to drive the bad blood out. B.B.B. is an internal powerful blood remedy that is meant to, and does, cure after all else fails.

HAVE YOU itching, burning, scaly, crusted, or pimply skin, blisters containing pus or watery fluid, skin red, and an itching heat, with or without sores, on legs, arms, hands, neck, or face? Then take B.B.B. which will cure you, leaving the flesh free from blemishes, sores, or itching of any kind.

Chronic Eczema is a severe form of skin inflammation, with great redness and a raw surface. It may last for years with intervals of partial recovery, but easily returning. It often attacks the ears and neck. We have seen the ears burnt and crisped as a piece of roast meat, and the whole side of the neck a surface of raw, inflamed flesh, pitiable to behold. We know of six cases like this cured by B.B.B. during the past year (1898).

Any form of Eczema is due to diseased blood. Get the diseased blood out with B.B.B., and you are cured. B.B.B. is perfectly safe to take by old or young, and acts as a fine tonic.

Eczema on Children. When teething, children are very frequently afflicted with Eczema. Sores discharge, and a yellow crust forms upon the skin. Give the child mild doses of B.B.B., and the sores will soon heal.

Sample Bottle Free. Send 2 stamps for free sample bottle, and book. B.B.B. for sale everywhere. Blood Balm Co., Atlanta, Ga.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It would be a question whether the editor of a newspaper has the right to publicly recommend [illegible] of the various proprietary medicines which flood the market, were it not a prevalent of suffering to say a good word for Chamberlain's Cough Remedy. We have used it in our family for many years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is sent for. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

DYSPEPSIA

"My wife suffered for many years from Nervous Dyspepsia, Sick Headache, Sleeplessness and Nervous Debility," writes John Kelloes, Philadelphia. "We tried many physicians and numerous remedies, but with no results, until I heard of Johnson's Dyspepsia Cure. We bought six boxes, and the results far surpassed our expectations. She now eats and sleeps well, is gaining in flesh, and her color, which had got to be yellow and sickly, is now as fresh as when we were first married, and I tell her that Johnson's Dyspepsia Cure has made her ten years younger."

"I feel as if I should fly to pieces." How often those words are on a woman's lips. They express to the uttermost the nerve racked condition of the body, which makes life a daily martrydom.

If this condition had come suddenly it would have been unbearable. But the transition was gradual. A little more strain each day on the nerves. A little more drain each day of the vitality. Any woman would be glad to be rid of such a condition. Every woman tries to be rid of it. Thousands of such women have been cured by Dr. Pierce's treatment with his "Favorite Prescription" when local doctors had entirely failed to cure.

Sick women suffering from unpleasant drains, irregularities, bearing down pains, inflammation and ulceration are invited to *consult* Dr. Pierce, Buffalo, N. Y., by letter free of charge. Every letter is guarded as a sacred confidence. All letters are promptly answered and mailed in private envelopes without printing of any kind upon them.

"Favorite Prescription" is in the fullest sense a temperance medicine, containing neither alcohol nor opium or other narcotic in any form. Accept no substitute.

Mrs. Rena Hensel, of Massillon, Stark Co., Ohio, writes: "I had been troubled with chronic constipation and female weakness and doctored with different physicians, none of whom seemed to help me. I saw one of your advertisements, and I thought I would try your medicines. I did so and with good results. Took one bottle of Dr. Pierce's Favorite Prescription, and two of his 'Golden Medical Discovery,' and I can say I am cured of my troubles, thanks to Dr. Pierce and his medicines. They do a world of good to those who give them a good trial."

Dr. Pierce's Pleasant Pellets are a perfect cure for constipation.

A Cheap Trip to the Pacific Coast

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus $2 00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only $7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of $12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from

The Sapphire Country

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 2,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant Cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bone and scrape it. Before a great while the Cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the Cancer disappeared entirely, and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return.

J. N. MURDOCH,
279 Snodgrass St., Dallas, Texas.

Absolutely the only hope for Cancer is Swift's Specific,

S.S.S. For The Blood

as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

ABOUT SEWERAGE.

What a Representative Physician of Greensboro Thinks.

In considering the question of waterworks and sewerage, it is wise to consider what advantages they would add to the health and comfort of our city. It is a fact apparent to all, though unfortunately too generally forgotten or ignored, that filth deposited on the surface of the earth in quantities soon saturates it; and if this filth contains the germs of disease, they are conveyed by rains into the veins supplying shallow wells, such as are common here. And these at once become a source of contagion, often unsuspected, but none the less dangerous and deadly.

Hence the problems of securing an abundant supply of pure water for drinking and domestic purposes, and the disposal of the garbage necessarily accumulating where people are crowded together, always present themselves sooner or later to every community for solution.

If garbage can be cheaply and safely collected and conveyed beyond the limits of the population and delivered at one or more points where it can be disposed of with advantage, the water supply is protected, many nuisances are avoided, and the health and comfort of the people increased. This is exactly what is effected by an efficient system of sewerage. The slops of the kitchen, bath room and laundry are collected and carried away. The unsightly and ill smelling slop barrel disappears from the kitchen door or window, the nuisance of privies is removed, and the danger of the origin and spread of disease greatly lessened. These advantages are so great and so obvious that they need no argument, and if they could only be had by increasing the tax rate 25 per cent. they would be cheap. But here we have an opportunity to secure them at an actual saving. Have you ever considered the cost of removing slops, night soil, etc., which we are paying now? There are at least one thousand families or places of business that pay a scavenger four dollars a year each for his services. Another thousand families pay half that amount per annum, making the neat sum of $6,000 annually expended for service which can be much more efficiently done by sewerage. This amount would pay the interest, 5 per cent., on $120,000 of bonds, while we are only asked to vote $65,000 for sewers, a saving of nearly $300,000 yearly.

But an efficient system of sewerage presupposes an abundant water supply, and it will be argued that this saving is only apparent, the actual cost of water rent being largely in excess of this amount. This contention might have some weight but for the fact that we propose that the city shall own its water works also, and experience shows that municipal ownership of water reduces cost to the citizen from 25 to 50 per cent. Buying water from ourselves we can get it at actual cost and when we consider the cost of keeping an ordinary well in order, cleaning it two or three times a year, keeping new fixtures, etc., we will find that the actual money cost of hydrant water is less to say nothing of the lessened danger to health. A physician of our city stated last summer that 75 per cent. of the cases of typhoid fever he had attended occurred in families using well water. If we can reduce by 50 per cent. the number of cases of fever yearly occurring here, that alone would mean the saving of a good round sum.

The necessity of having more and better water, and a more extended system of sewerage, if we are to continue to grow and attract capital, is apparent to all who will give the subject a thought. The defeat of the bond issue now will mean a delay of two years at least, and we cannot afford to wait. Let each voter see to it that it does not fail for want of his vote.

"This is a hard world," mused the poet, sadly. "Whenever my articles are fortunate enough to escape the editor's grate the critics are sure to roast them."

"A married woman's life," remarked Mrs. Henpeck, seriously, "is not all sunshine, Henry." "No," returned Henry, sadly; "the greater part of it is reign."

The average girl is unwilling to charge a young man with larceny even when he steals something from under her very nose.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

To cure piles, strike at the root—that's the way. DeWitt's Witch Hazel Salve strikes at the root—it removes the cause, quickly and permanently. Don't squander time and money trying to remove the effects. Howard Gardner.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and $1. Guaranteed or price refunded.
